

Call to Lead Beneficiaries of projects for the expression of interest to participate in the selection of the Hungary-Croatia Cross-border Co-operation Programme's representative project

What?

The Managing Authority and the Joint Technical Secretariat of the HU-HR CBC Programme are joining the European Commission in marking the **25 years of Interreg**, the European Programmes that stimulate cooperation between Member States of the European Union and neighbouring countries in the framework of the European Territorial Cooperation goal of the European Union Cohesion Policy (ETC).

One of the planned events is the "25 years of Interreg" conference to be held in Luxembourg on 25 and 26 September 2015, where **Europe's best co-operation projects** will have a chance to present their achievements to the widest most public in an innovative and creative way, within the "Project Slam" part of the programme.

Who?

Lead Beneficiaries of all projects that believe their project is the one **most representative of good co-operation in the Hungary-Croatia cross-border area** with tangible and long-lasting results are invited to submit their applications.

Only one project will be selected and nominated from the Programme to the competition on the European level. In order to comply with the Europe-wide competition rules, please note that projects covering the thematic fields of "labour-market / demographic change" and "environment" (including energy) **should not apply**.

How?

The project owners should send a **short description of their project**, its main achievements and results and representativeness of the project with respect to the challenges of the Programme area and objectives. The application should also include a **short concept of the innovative, creative and interactive presentation** of the project in case it is selected to be presented at the final event in Luxembourg. The application should not exceed 2500 characters (spaces included).

In compliance to the competition rules, **the representativeness of the project with respect to the challenges of the Programme area and objectives and the creativity in presentation** are the **two equally valued (50:50) criteria** that will be taken into account when selecting the Programme's best project and nominee for the European competition.

When?

The applications should be submitted **via email** to the conference@hu-hr-jts.com email address **by 7 May 2015 latest**.

More information about the Europe-wide competition is available on the following address:
